# QUANTUM

(+\*18636059)

Today, we are able to select sires that excel for ALL of the traits of magnitude. Progressive registered and commercial beef producers can appreciate Quantum's top 10% ranking for CED and yearling growth combined with top 3% marbling, top 1% ribeye and \$Beef. Quantum is one of only four bulls in the entire Angus non-parent bull population with this combination of excellence. Quantum's elite Method Genetics top 1% ROI gives us great confidence

in predicting the economic value of his calves, regardless of endpoint. This gentle sire has the added advantage of athleticism that allows him effortless movement to do his job. Finally, he is one of the most abundant semen producers we have seen. He consistently freezes large quantities of extremely high quality semen. Quantum is one of the most exciting sire prospects in the history of Gardiner Angus Ranch.

	EPD	% Ranking
CED:	+12	10%
WW:	+68	10%
YW:	+122	10%
